Year 4 Self Isolating for Individual Pupils

Dear 4 Parent,

If your child is self-isolating at home between 1-14 days- they are recommended to complete the following learning activities at home if they themselves are not ill. If they have symptoms themselves – they should begin to do home learning as soon as they are fit enough to do so. Pupils have a home learning (orange) book in which to complete their self- isolation work and homework.

Please see a suggested timetable for your child to learn at home.
